Mercola.com to Donate $25,000 for Fluoride Awareness Week

FOR IMMEDIATE RELEASE

Mercola Supports Quest to End Water Fluoridation

Hoffman Estates, IL (PRWEB) June 15, 2015—"Clean" water may not be as clean as some think. Studies have shown that fluoride toxicity—which affects many tissues in the body besides the teeth—can lead to a variety of health problems and potentially affect people’s bones, brain, thyroid, pineal gland, and even blood sugar levels.

Mercola.com has designated the week of June 14 – 21 as Fluoride Awareness Week to champion the cause. In that vein, Mercola is donating a portion of sales up to $25,000 on Shop.Mercola.com to Fluoride Action Network (FAN), a non-profit organization that educates people about fluoride toxicity and advocates fluoride removal from water.

Those interested can also donate directly to Fluoride Action Network at https://donatenow.networkforgood.org/1415005.

Mercola.com has donated over $4 million to a number of non-profit organizations committed to protecting people’s health liberties.
