New Green Laundry and Dishwashing Detergents Clean Effectively

Hoffman Estates, IL (PRWEB) December 29, 2014 – All too often, eco-friendly cleaning products are not as effective as their chemical counterparts. Dr. Mercola sought to change that with his new Greener Cleaner Laundry Pouches and Dishwashing Pouches.

Dr. Mercola's Greener Cleaner Laundry Pouches contain no harsh chemicals. The ingredients are biodegradable and do not adversely affect fish or water life. Plus, a single pouch can clean, remove stains, and brighten clothes. A single pouch can clean a medium load and is safe to use in both HE and regular washing machines.

Dr. Mercola's Greener Cleaner Dishwashing Pouches are a safe and effective solution for cleaning your dishes. Just like the Laundry Pouches, they contain no harsh chemicals like phosphates, Sodium Lauryl Sulfate, or formaldehyde. Instead, they contain only non-petroleum based plant and mineral ingredients and remove grease to leave only spotless, sparkling dishes.
