IN-CONVERSION
BIODYNAMIC® ORGANIC
PILLOWCASE SET

300 thread count

KING

WHY BIODYNAMIC®?

A solution to heavily sprayed cotton crops, Demeter Certified In-Conversion Biodynamic® is the soil-first approach to farming that avoids the use of synthetic pesticides, herbicides and fertilizers while naturally drawing carbon from the atmosphere and storing it into the ground to create healthy, fertile soil for cleaner harvests of cotton textiles. This self-sustaining cycle creates a diverse and balanced ecosystem, promoting the health of crops, animals, people and our planet.

sito™

Made with integrity from Demeter Certified In-Conversion Biodynamic® farms in India, **SITO™ In-Conversion Biodynamic® Organic Cotton Sheets** are soft to the touch, lightweight for breathability and free of harmful chemicals. Feel the difference of In-Conversion Biodynamic® cotton textiles – because what touches your skin matters.
