*Revitalize. Refresh.
Invigorate. Purify.*

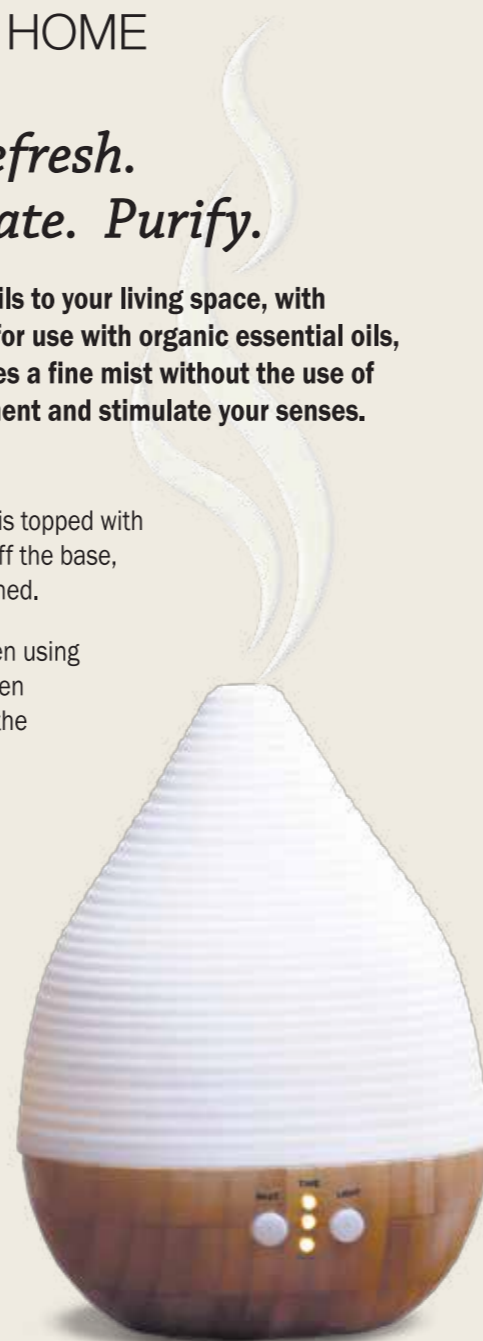

Bring the benefits of essential oils to your living space, with Dr. Mercola's Aroma Diffuser. Perfect for use with organic essential oils, this ultrasonic diffuser quietly creates a fine mist without the use of heat energy - to calm your environment and stimulate your senses.

The base is crafted from hand-cut bamboo, and is topped with an elegant ceramic cover. The cover easily lifts off the base, allowing the water reservoir to be filled and cleaned.

The easy-to-use timer function is convenient when using stronger scents, aromatherapy treatments, or even when drifting off to sleep. And for added safety, the Aroma Diffuser automatically shuts off when the water falls below a certain level.

The Aroma Diffuser features a silent fan, for a peaceful and soothing experience. It can also double as a humidifier in smaller areas, helping to counteract the drying effects of air-conditioning and central heating.

The low-energy LED lighting system has an on/off function, which allows the mist and ambient light to be used independently of each other.

Diffuser Dimensions: 5" x 5" x 7.3
(130mm x 130mm x 185mm)

Effective Area: 82 sq. ft. (25 m²)

Water Capacity: 110mL/3.7 FL. OZ. maximum fill

Timer Function: 60/120/180 minutes

220v power plug: For use outside of North America

DISTRIBUTED BY: NHP
125 SW 3rd Place, Cape Coral, FL 33991 USA
