18 TEA BAGS NET WT. 1.27 OZ. (36 g)

Solspring® Biodynamic® Organic Imperial Green Tea is grown in third-generation, family-owned Indian tea gardens, located on the foothills of the Himalayan Mountains. Irrigated by the pure and naturally filtered water that seeps from the glacier-fed Teesta River, this harmonious ecosystem is lush with abundant wildlife and nutritious soil, perfect for nurturing healthy plants.

Crafted only from fresh, unopened buds and the finest top leaves of the tea plant, this tea offers a subtle, fragrant flavor. Its natural caffeine makes it ideal for enjoying in the morning or as a revitalizing afternoon beverage.
