organic rooibos spiced chai herbal tea

Solspring Organic Rooibos Spiced Chai Tea uses rooibos, a shrub-like botanical indigenous to South Africa, that is grown and harvested in South Africa on small, family owned tea farms. No harsh synthetic pesticides or fertilizers are ever used. Instead, these tea farms use methods that focus on harmony between wildlife and agriculture as well as soil fertility to bring you pure, high quality teas.

This herbal tea is prized for its beautiful red color and full-bodied sweet flavor without a hint of bitterness. True organic cinnamon adds a delicious aroma and depth. Rooibos Spiced Chai is naturally caffeine free and provides the perfect option for a relaxing evening beverage.

Solspring Organic Teas are sourced from farmers that use holistic, regenerative farming practices with a heavy focus on sustainability. Sourced only from top quality, organic tea farms adhering to the strictest organic growing practices and standards, Solspring farmers place importance on soil fertility and ecological responsibility to produce fresh and flavorful tea blends.

How to brew a great cup of Solspring Organic Rooibos Spiced Chai Tea:

- Place one (1) tea bag into tea mug.
- Pour just boiling water over tea bag to fully saturate and fill up mug.
- Steep for 6 to 8 minutes, carefully remove tea bag, and enjoy.

If brewing iced tea, brew the tea as instructed above, then allow to cool and serve over ice.

To make a pot of tea or a quart of iced tea, add four (4) tea bags instead of one.
