BIODYNAMIC®

organic
tulsi herbal tea

Solspring Biodynamic Organic Tulsi, an Ayurvedic herb indigenous to India, is grown and harvested in the Southwest region of Karnataka on Magadi Farms in a community of nearly 150 small, third generation family owned tea gardens. They prioritize creating a self-sustaining ecosystem, placing a special emphasis on the health of the soil to produce top quality, vibrant tulsi plants. Their Biodynamic farming methods focus on harmony between wildlife and agriculture as well as ecological responsibility to bring you pure, high quality teas.

Tulsi Holy Basil Herbal Tea offers a blend of three varieties of Tulsi - Krishna, Rama and Vana - to create a beautifully earthy and slightly minty flavor. Tulsi Tea is naturally caffeine free and is both calming and uplifting.

WHY
BIODYNAMIC®?

Biodynamic® agriculture goes beyond Organic Standards by using holistic, regenerative farming practices to promote the health of the soil, crops and livestock. Biodynamic® farmers strive to create a diverse and balanced ecosystem within their farm to enhance the nutrition and quality of the food being grown with a heavy focus on sustainability.

How to brew a great cup of Solspring
Biodynamic Organic Tulsi Tea:

- Place one (1) tea bag into tea mug.
- Pour just boiling water over tea bag to fully saturate and fill up mug.
- Steep for approximately 5 minutes, carefully remove tea bag and enjoy.

If brewing iced tea, brew the tea as instructed above, then allow to cool and serve over ice.

To make a pot of tea or a quart of iced tea, add four (4) tea bags instead of one.

INGREDIENTS: Biodynamic Organic Tulsi Holy Basil Leaf.
