MORINGA POWDER

Moringa is one of the richest plants available. It has the highest protein ratio of any plant studied with a full amino acid profile. Moringa contains almost 3 times the amount of beta-carotene found in carrots, and almost twice the amount of chlorophyll in a full cup of spinach.

WHY BIODYNAMIC®?

Biodynamic® agriculture goes beyond Organic Standards by using holistic, regenerative farming practices to promote the health of the soil, crops and livestock. Biodynamic® farmers strive to create a diverse and balanced ecosystem within their farm to enhance the nutrition and quality of the food being grown with a heavy focus on sustainability.
