Best Before/Lot:

Solspring Organic Biodynamic® Olive Oil is made from fresh Koroneiki Olives grown in southern Greece on small Biodynamic® family farms. The olives are hand-picked and cold pressed (cold separated) within 24 hours of harvesting, resulting in the freshest and most flavorful olive oil. The refuse from the olive trees serves as fertilizer for the orchard, thus creating a self-sustainable system and resulting in a nutritionally rich olive oil.

SUGGESTED USE: Use as a dressing for salads and other cold dishes. Solspring Organic Biodynamic® Olive Oil is the perfect companion to Solspring Biodynamic® Balsamic Vinegar.
