Steeped in ancient traditions, our multifloral honey is a harmonious collaboration with the Mayan people working to preserve age-old practices during the delicate art of harvesting. The result is a classic, sweet flavor that resonates with the intricate biodiversity of the Yucatan rainforest, encapsulating the rich heritage of their culture in every delectable drop.

†One serving contains 17 g of sugar from honey.

Enjoy as a spread, in tea, or simply pure. Perfect with Solspring® Biodynamic® and Organic teas.
