ORGANIC BIOCHAR + ORGANIC COMPOST
ORGANIC WORM CASTINGS + ORGANIC KELP MEAL

NET CONTENTS 10 DRY QT (11 L / .38 CU FT)

DR. MERCOLA®
HEALTHY GARDEN

Ingredients that Mimic the Earth's Natural Systems

Ingredients: Biochar, Compost, Worm Castings, Kelp Meal

ORGANIC BIOCHAR: Provides a pyrolyzed sustainable carbon, which builds soil and acts as a nearly permanent sponge to absorb nutrients and water. This creates a home for microorganisms.

ORGANIC WORM CASTINGS: Provides nutrients, enzymes and improves soil structure.

ORGANIC COMPOST: Provides immediate soil food, building soil tilth and humus. Combined with Biochar, the benefits of compost are more pronounced.

ORGANIC KELP MEAL: The ocean contains all elements known to man. These ocean plants share that abundance with your plants as they slowly break down.

HOW TO NURTURE and GROW the HEALTHIEST PLANTS:

APPLIED TO TRAYS:

Fill trays 1" full and plant seeds as directed.

APPLIED DIRECTLY TO YOUR GARDEN:

1 bag of Sprout Doctor™ will enhance the soil of about 20 sq ft of garden space. Add 1/4" layer to your bed and work into the top few inches of your soil.

FOR CONTAINER PLANTING:

Mix Sprout Doctor™ with your potting medium, 10% by volume.

GUARANTEED ANALYSIS:

50% Soil Reef Biochar
44% Compost
5% Castings
1% Kelp Meal
