

Organic cotton tampons

with Biodegradable Cardboard Applicator

16 Organic Cotton Tampons

Regular

Chlorine Free

Perfume Free

Hypoallergenic

100% Organic cotton

Biodegradable

Dr. Mercola's Organic Cotton Tampons are made with hypo-allergenic Organic Cotton which helps prevent the risk of irritations and allergies. They do not contain perfumes or superabsorbents. They are not bleached with chlorine or dioxin. The absorbent core is wrapped with a special cotton safety layer which prevents the fibers from remaining inside your body. The extraction cord is fully sewn to the absorbent core for complete safety. They come with 100% biodegradable cardboard applicators with a soft, rounded petal-shaped tip for easy insertion. Many gynecologists, midwives, and obstetricians recommend the use of natural cotton products for your intimate hygiene.

COTTON ADVANTAGES FOR FEMININE HYGIENE

- Compatible with your physiological pH
- Gentle on your skin, lessens and helps prevent the risk of irritations and allergic reactions
- Breathable, enables airflow through the fibers
- Dr. Mercola's Organic Cotton Tampons are made to leave you feeling clean, fresh and confident

ATTENTION: Always use the lowest tampon absorbency to meet your needs. Tampons are associated with Toxic Shock Syndrome (TSS). TSS is a rare but serious disease. For your health and safety read and save the enclosed information.

Regular (6-9g) Super (9-12g) Super Plus (12-15g)

FDA Warning Attention: Tampons are associated with Toxic Shock Syndrome (TSS). TSS is a rare but serious disease that may cause death. Read and save the enclosed information.
