

DR. MERCOLA®

fluoride removal full spectrum

under-counter water filter

**Provides broad-range contamination reduction
while retaining beneficial minerals**

Convenient and stylish design that fits into a variety of compact kitchen spaces

DR. MERCOLA®

fluoride removal full spectrum

under-counter water filter

Finally a water filter that removes fluoride from your drinking water supply while retaining essential minerals. The first point of use filter that reduces fluoride without a storage tank or waste water, Dr. Mercola's Fluoride Removal Full Spectrum Under-Counter Water Filter is easy to use. With the turn of a handle, fresh filtered drinking water is immediately available. Obtaining fresh filtered drinking water has never been so simple.

The Under-Counter Water Filter has an easy replacement filter system and features a battery-powered LED filter life indicator. The indicator reminds you when to replace the filter, saving you the hassle of keeping track. Under-Counter Water Filter replacement filters are available separately.

The Fluoride Removal Full Spectrum Under-Counter Water Filter looks great alongside any kitchen sink. The convenient and stylish design allows for the Under-Counter Filter to fit into a variety of compact kitchen spaces.
